I hope what you're not trying to get at is that we confound the truth in order to turn a situation to our advantage.

Is this not the problem we have with Western Religions?

This beautiful world can not be hell. In a sense, the path to Heaven leads through hell. We put each other through hell, but this world in no way resembles it.

"Begin to understand and recalculate what we have been given and find the truth"? What exactly is it you think I've been doing off and on for the past 17 years? I've already found it. My problem is how to get it to the general public. I still say the best way is to write The Book Of Life, which was foretold in ancient writings. I believe I possess the ability to do so.
