That is very inspiring....the word Religion stems from Latin

Re = to bring back or into  
legion = a group of people  
leigio = I see or do it

So the word Religion is probably not the right one, as it can mean to "bring back" though i understand the meaning and that people should treat their own selves and choose a religious way; like the Dali lama put it, "let your religion be kind" "Joy"...

Did you know you can transfer it from here to Articles - spiritual oneness  
Then hopefully more people will find it that way
