Since almost every country Politicians are getting the blame, when really for not looking at better solution such as the net.

As here and on most forums you have the opportunity to discuss with people most things with ease. With far less ego and more focus on what is being

Also with that fact we can vote on everything, what do people think would political discussions to a super size world forum, for us all to add or just ran by an official company that is secure.

As when they use computer to count up votes anyways, it doesn't matter voting polls, yet it would save us all time and make it that it is true dem
