QUasi-Autonomous Non-Governmental Organisation

Basically that means no one is in charge of them and they are in charge of countless laws and legally binding paper work for everyone else....

Which means if they make a mess of things and all goes wrong..they are the government who appointed them....

There are more and more of these everywhere and since we are all pointing out governments, maybe we should realize it isn't the governments so much problem, yet these quango's.....

Allot of them asses static's and then send reports of how well they are doing. Geography..(I didn't learn geographic information in this lesson at school)

Quote:

Mat 23:2

(2) Saying, The scribes and the Pharisees sit in Moses' seat:

Pharisees = Hierarchal structuring, blatant disregard for truth, converting thinking through force, law makers and you can't understand what they have

So some points are clearer, God did not tell Moses to write the books of law, to relate to the people....

It was Moses' father in law who told him to write the books of law, to save

So hopefully that is clearer Yeshua (Christ) stood against Moses on numbers and forgetting love.....as did quite a few prophets also, on teaching of s

Anyways the point is since the day Moses made all these laws, we have been continuously and making it harder and harder too understand basic living complicated laws that do not exist or apply any more....

For instance.."if a woman is unclean, should she be banished from the camp, if she steals, we should stone them to death, unless on Sunday (or is that Saturday)

So instead of keep adding laws to more laws, let's remove them all....

Quote:

57

Rule a nation with justice.
Wage war with surprise moves.
Become master of the universe without
striving.
How do I know that this is so?
Because of this!

The more laws and restrictions there
are,
The poorer people become.
The sharper men's weapons,
The more trouble in the land.
The more ingenious and clever men
are,
The more strange things happen.
The more rules and regulations,
The more thieves and robbers.

Therefore the sage says:
I take no action and people are
reformed.
I enjoy peace and people become
honest.
I do nothing and people become rich.
I have no desires and people return to
the good and simple life.
