It is VERY important to know the race of Adam and Eve in order to believe the creation story of the Bible, of course; many have argued that things should be literal and what not? who is to say what is?

It doesn't matter who cares or who doesn't. Any inquisitive mind will have that nobody knows the answer. Logically, if Adam and Eve were a certain race, the other races appeared in 6000 years.

As I said many times in different posts. We cannot be created. We are souls according to their karmic accounts (actions in previous lives). We didn't exist because we are souls. However, souls can be soul conscious beings or beings (which is our current situation) Science says in its 1st Law of conservation matter cannot be created neither destroyed, it can only be transformed. It is so eternal? It is so hard to understand that according to this 1st law matter is logical, reasonable and consistent with modern science.

Eternal means that you cannot be created neither destroyed. You, the soul
