Hey brother - i know exactly what your talking about - i have just recently
truth now - the Devil tried hard to pull me back to sleep when i was coming
me and is still there - i have a long way to go there are many sins to account
aware of sins that i did not think were sins and making good on them.

For those who don't believe the Devil lives - they are asleep - you said "with demonic familial spirits" it goes deeper than this. Because we all have
as i continue too but am making progress - we allow his demons to enter our
minds - Satan is the Master of the air ways [Ephesian 2:2] - i now know they
are in all sinners - if you believe all humans have sinned - all humans have
Demons that communicate with other Demons as you go about your daily chores
- fear - hate - jealousy etc in others.

They plant a certain image in my mind and let it thread - once my mind receives
the impulse to the body and the body response with a feeling or emotion
must remain connected to God and Jesus 24/7.

It used to happen so quick and consealed that i would only be made aware
worked it out to seconds now and feel i can share my experiance.

Be sinless and live forever!
