It is a fact that those centres of power that have religion and its moral values combined the wide opportunities at their disposal and are acting in alliance with religious beliefs. It is actually not that difficult to destroy, in the ideological alliance, to eliminate the negative and destructive effects of atheist-materialism and bring about a society where proper morality, happiness, peace, security and order. One way of doing that lies in the three revealed religions (Islam, Judaism and Christianity) forces in the light of that common objective.

The task of sincere Christians, Jews and Muslims who possess a conscience is to wage a joint struggle against evil and those who engage in it, to help bring about a spirit of unity and cooperation. That unity must rest on the principles of mutual understanding, harmony and cooperation. We must bear in mind the urgent factors likely to give rise to conflict, argument and division must be scrupulously avoided.

Here, Jews, Christians and Muslims are called to join in the light of common objectives in a joint struggle against atheism, social and moral degeneration, and to spread the message of the world. This call is to all the sincere, scrupulous, benevolent, agreeable Jews, Christians and Muslims.
