So as an Archangel/Avatar prophesied globally before Judgement Day, who was 70 years old I'm sent with advanced knowledge to fix where the Pharisees mess up. **Paul Simon** I've pleaded with the 7th Beggar as an appeal to the Rabbinic Jews. God doesn't need to destroy them for rejecting the religion of their forefathers.

Instead because 7th thinks he is only in a chatroom debate for 16+ years, he ignores the differences of what is going on; even though I've consistently informed him of the fulfilment of prophecy before Judgement Day, and what he believes is happening. He uses a method to debunk what I'm saying, like that some how means Judgement Day. Rabbinic Jews won't soon be sentenced for lying to humanity.

Yesterday 7th said "he rejected my appeal" to rescue the Rabbinic Jews from the suffering he caused, thus sentencing many in humanity to no longer exist in the process.

For some reason he is so convinced his view point of his religion is right that he won't let me convince him to accept my religion; which I've told him is ludicrous, as no mortal has ever been given by God, as it is all based on the complex algorithms I've been given.

Since 7th rejects all of my personal experience as a testimony of religion, I will appeal to some outside examiners, who will consider the case carefully as prophesied.
