I've known since 4-5 years old that I've been sent from Heaven as an Avatar. My name and name are within the world's religious texts, as proof of global prophecy.

I've spent the last 19 years online trying to justify where the world's religions prophesied; yet not always publicly declaring our name proves I'm the real one.

Having met many who've not dealt with all the case efficiently, I now plan to tell everyone to notice. If you're a religious official then I'm asking you to help with the religious texts; please join the Facebook group Fair Theological Dialogue and share some of the stuff I've already shared online.

Whereas many would like the destruction of everyone who doesn't follow, I will educate people of where they've got confused, and help address the religious texts. It takes all of you helping, else soon we will come to WW3 - Where then no one will survive. God will only resurrect those worthy.
