Even though [Olam Chesed Yhashe](#) has been informed that soon Armageddon will happen, [Josh \(Paul Simon\)](#) made up Christianity to deceive the nations, and the go supernova, he mocks the whole concepts within prophecy. Where he responsible to tell any rabbis that their religious texts are being fulfilled

Even though he is legally trained, he doesn't consider murdering 15 million humanity, [The Seventh Beggar](#) made him believe it is only a religious debate so regardless if humanity soon gets wiped out, he doesn't need to consider as "this is just my religious prophecy globally by name."

7th hasn't won the lottery as some miraculous sign that the Bible prophecy unless we get experts to assess that what I say about the Tanakh is accurate people to cease to exist.

7th excuses himself of being responsible, as he claims from the limited part all the prophecies I've stated, he is going to reject the warnings God gave Rabbinic Jews, and now Olam has acted as a second witness within that

Both of them have been informed I'm purposely named after the Angel of King David; yet neither of them in a legal situation would be able to just within the texts.

If anyone important enough reads this, we need to do something, as I appear years ago to warn the rabbis their prophecies are being fulfilled, and the making a decision for all of you to be wiped out.
