How To Fix Some of the World's Religious Divisions:

There is only one Source to reality, that is beyond names - as it manifests

Some of the different terminologies for the Source in the world's religions

Chronos (Time & Order) - Greek.

Brahman (fundamental principle) - Hindu.

Universal Mind - Buddhist.

Ahura Mazda (Lord of Wisdom) - Zoroastrian.

El Elyon & Ala Ilah (God Most High) - Hebrew & Arabic.

For the Source to interact with reality, it made the Divine Beings (Elohim) as Avatars/Archangels.

There are 24 Enlightened Beings surrounding the Throne of God, and the Creator is the spokesperson for the rest.

The Creator in Sanskrit is 'Bhagavan Brahma', which implies the Lord of the Universe. Hebrew is two words, 'Yah' meaning 'Lord' (Psalms 89:8), and 'Havah' meaning 'Brahma' - which became 'YHVH'.

The Creator Divine Being (YHVH Elohim) in the Bible created the other Divine Beings, and so Biblically it has been confused to be God its self. - It is the same as Chronos when Chronos manifests reality.

When Christ tried to correct the Jews two thousand years ago, to understand the Son of the God Most High (El Elyon), they got confused; as they thought he was God (El), instead of being the Spirit of the Creator (YHVH) Divine Being.

Ever since the Babylonian Exile they've muddled up the differences between the Creator (YHVH) and the Son of God (H410) to avoid polytheism; where El (H410) translates as primordial God, and the Son of God (H410) Being/Avatar breathed into existence.

Whereas we are lead to believe that these religions were miles apart, the similarities; as there is only one reality, and one Heaven that they're all part of.
