To define Heaven from our Near Death Experience, and a cross referenci

Heaven is the highest dimensions within our reality; where it consists of

The first level of Heaven is made of unconditional love; this is where no
practising, and learning to be unconditionally loving in many incarnation

The next level of Heaven is a dimension of wisdom, that surrounds the T
wisdom is where the 24 Elders recorded in many religions the same, surr

These divine qualities that surround God, are the different aspects of wh
classified as Archangels. To reach the second level in Heaven, someone
exceptionally wise, and spend their life in service to others - teaching &
righteous & enlightened.

The last level/dimension in Heaven is God, which is the Source of our re
compared to a Universal Central Processor (CPU) - where God is process
in reality.

When we use maths to define these levels: God is 100% mathematically c
at +98%, and the normal angels are above +96%.

As we come down into this world, the maths is less precise, until some o

The Divine Beings who surround God, is what God has used to interact w
not see God in this realm, just like we couldn't see the CPU in a compute
was broken.

God exists beyond the quantum reality, in a place before infinite time &
about; so it can be said God exists as panentheism (distinct from the rea
of Archangels are pantheism (made from the same as the reality).
