Must keep in mind that in the U.S. the word Fairy is commonly associated perhaps homosexual. That is perhaps why in the U.S. they refer to them

I want to share this picture with you all just because there seems to have or light being even floating within the frame of it. Almost taking away from photo to the left you will note <http://www.pattabunno.com/images/redrose>

Not that this is Angelic, or fairy like, but perhaps so. The photo was not it there was no sun out.
