You may think it's funny, yet for me I find it heart breaking as I have observed and find it to be true.

Imagine like in the time of Moses, where they had to paint a cross over the door that happens, when the photon belt hits, i.e. rapture, coming of Christ with the truth. That those with long ear lobes have shown that they are more money oriented than thinking.

That for many like this, they will not be able to cope with the ascension, the spiritual field, one will be left the other taken.

The one left is the one who can accept a higher level of consciousness, the lower consciousness can't cope and so get absorbed back into the matter.

Anyways just a thought, yet it would make sense of all of the prophecies
