Watch the stars.... let's me know the Earth turns...

Open my eyes... let's me know that i can see...

Even in the dark, the trees leaves still glisten,

moonlight.

watch the stars... if you stare at them long enough... and have an object  
the earth spinning... it let's me know that we're part of something soo la  
the truth... open my eyes... let's me know that i can see... even in hard  
trees still glisten.. 'cause even without the sun, there is still moonlight.
