Hi David, good to hear from you. I re-read your post and see you saw that was interesting because I left on that trip on the 31st of Sept, on the way there. Because you had asked about time travel and reading the future in another life, it stirred the spirit up in me in a powerful way. I could tell by the way you asked these things, that something was going to happen to you. I remember giggling and thought about you. I just knew you were going to get a hit of some kind, and I was right about that. It happened the next day on the 1st when you had that vision.

I should say it was the Holy Ghost telling me, you were ready! I had that vision one night, realizing another soul was going to be taken "higher". It's so rare for me to have something like this, in my own circle. I suppose it happens a lot. The Holy Ghost is honored to have a part in this. But it was you David, keeping an open mind and asserting your rights as a child of God, to our Father.

I do ask for prayer for the person who posted and is in so much turmoil, seeking a revelation from God. Will you join me in prayer to our Father, that He would help this desperate soul? If you can agree with me in prayer, maybe it will help. O

We'll find something to talk about! peace
