If you wait about 3-4 days I am writing up a full descriptive account of what I looked.

You are right about the frequencies as the higher you pass through these it gets. Till you pass into a place that has transcended matter, i.e. heaven made up of wisdom and love.

The reason I say there is no devil is, I didn't see one all I saw was people with no super power opposed to God. As even with hell (the depths, lowest frequency) control and is everything. Without God there would be nothing, so there is nothing opposed to God can hide.

Have a read of this thread
