Hi Wizanda, Wat do you mean qouting Paul and the angel of Light? Lets e especially about the angel of light? I know where you stand on paul some but concentrate on the angel of light.. I understand wat you mean, abou different image, however I think God has a resting image of sorts..It doe spectator. I wonder wat Jesus sees when he goes into the blinding light, into at times. What does Yashua see? a form and face? Or does he disso visit the father that way?

Your right about God being the central core of everything, I passed thru 1995, in a out of body thingy..This angel came and got me, but thats ano (God) was connected to everything and sustained evrything. I suspect tha see and figure things out so fast. Sometimes I dont just see with my thir thousand eyes, like looking thru Gods eyes, with complete harmony and p overwhelm me, but feels cool..I learn quick when that happens. It think t the Fathers essence and energy like that. I dont know, for being such an certianly has intimacy, and lots of character.

I read that about Zan being a sickle, your turn will come, like the rest o comes to earth.Thats when the spirit is poured out WITHOUT MEASURE..I qualified for very high levels in this coming kingdom.. It will be graet if ufo and go fetch some souls for the kingdom..I pray for that to happen, i

So you see about Lucifer going to Job, this does nail him down as an ent across real clear with that . What do you mean, no superforce leading it? me there..All I know is lucifer is a false light hiding in the astral planes carnal couterpart is hiding in the dark astral planes over earth.. They bo in there areas of influence. By working 144,000 astral planes, and mass earth, the combined spiritual energy produced from trillions of players ha some type.. I do belive without this, there would be no force. The bigger it gets..I feel the only way sin can die, is to grow big, mature into insani fire.

So when you say ther is no satan, you mean a superforce independent o right, but the way you say it, sounds like your saying there is no entity t superforce. Thats the way it reads, and thats why I had to doublecheck t done the same. Unfortunalty this misunderstanding cancels out a lot of g This follows with some other subjects too, quite a few actually. Are you Wiz, ya need to speak in plain english, and keep it simple. Because some check, and spin ya back right.. but wat happens when others cant do that confused and leave..keep it simple and straight..After all I am just a 55
